

Mr. & Mrs. Philip Redd Honored At Reception

A Calling Reception was held at the home of Mr. and Mrs. John McPhee on the 24th. in honor of Mr. and Mrs. Philip Redd who were recently wed in the Cardston Temple.

The guests were greeted at the door by Mr. and Mrs. I. B. Roberts with the bride and groom and the groom's mother Mrs. Redd in the receiving line. The bride wore for the occasion a lovely gown of white tulle over satin with the skirt fashioned in three tiers. The lace bodice buttoned from the high neckline, and her chapel length veil cascaded from a circlet in her hair. Mrs. Redd Sr. wore a teal blue gabardine suit.

Robin MacPhee was in charge of the Guest Book and Barbara MacPhee, Brenda and Margaret Jensen accepted the gifts which were then arranged by Nola Atwood and Kay Stone.

Bernice Dahl, Ladene McBride, and Hazel Fairbanks served the Buffet Lunch. Mesdames Edna Harker, Alma Mendenhall and Anne Turner were in charge of the refreshments.

Mr. and Mrs. Redd are making their home in Raymond until fall classes start at the U of A.

Mr. and Mrs. Henry Piepgras received a phone call from their daughter Phyllis this week who is presently laboring in Portland, Oregon and will be for a few more months of her mission.

4th Ward Explorers Head For Salt Lake Ball Tourney

On Saturday morning ten excited young men will be leaving by car for Salt Lake where they will try to forge ahead to win the All Church Soft Ball Finals.

Jesse Gibb, Lynn Stone, Jerry Holland, Wesley Selman, Gordon McLean, Teddy Jones, Jimmy Vance, Douglas Christensen, Don Atwood, and Morris Mickelsen, members of the Fourth Ward Explorers Class, with Barker Selman as their coach and Gordon Snow their Class Leader and Manager.

They have competed with Stirling, Raymond First and Third, Magrath, and Welling to win the Taylor Stake League.

At Glenwood they copped the honors in the Alberta Stake and then to Lethbridge where they won against the Lethbridge Third Ward. Thirteen games in all were played, and the boys can well be proud of their record of thirteen wins. The boys have chalked up 183 runs while only 73 runs were scored against them. Credit must also go to their Coach, without whose help, their remarkable record could not have been achieved.

The best wishes success from Raymond as well the three Stakes go along with the team with the reminder that win or lose, the important thing is in what spirit they win, or lose.

Mrs. Anne Larsen and children, and Mr. and Mrs. Ace Atwood and Dawn and Mrs. Agnes Atwood were Sunday dinner guests of Mr. and Mrs. Andy Noel at the McIntyre Ranch, Magrath.

Marlene Williams Weds In Calgary

A wedding of interest was solemnized in the L. D. S. Church in Calgary last week when Marlene daughter of Mr. and Mrs. Wesley (Red) Williams of Trail, B.C., formerly of Raymond, became the bride of Don Butler of Calgary, son of Mr. and Mrs. Marvin Butler of New Zealand.

The bride chose a teal blue summer suit with white accessories, complemented by a corsage of red roses.

The Relief Society Room was beautifully decorated with streamers, bells and cut flowers. Bishop Frank Pratt performed the ceremony.

A small reception was held immediately following, at which W. C. Tanner gave the Toast to the Bride.

After a honeymoon trip to Waterton they will make their home in Calgary where they are both employed.

Mr. and Mrs. Joe Strong and family returned last week from a vacation that took them to Edmonton for Philip and Nedra's Reception, Jasper, Banff and home by way of Creston.

Mrs. May Meeks Is Laid To Rest

On Saturday afternoon funeral services were held for one of Raymond's early pioneers, Mrs. May Meeks who passed away last Wednesday at the age of 75 after having been in failing health for some time.

The large congregation of relatives and friends and the lovely floral offerings bespoke the respect and love held for this lady who was always anxious to be of help and assistance to her fellow man; who gave of her love and material means to several children who were left motherless in their childhood.

Bishop Golden Snow conducted the service which was opened with prayer by Heber Allen followed by the Choir's number "Sometime We'll Understand". Roi Stone conducted the Choir with Rojanea Bingham at the organ. The first number was a vocal duet by Mr. and Mrs. Jim Harker, "In The Garden" after which I. B. Roberts spoke words of comfort, followed by a trio, Gen Hawkins, Laura Watson and Velma Bigelow singing "Lead Me Gently Home". After President Walker's talk which dealt with the fine life led by the deceased, Jeanine Jensen sang "The End Of A Perfect Day" with Bishop Snow concluding with remarks of advice and consolation. "I'll Go Where You Want Me To Go" was sung by the Choir after which T. George Wood offered the Benediction.

Funeral services were held at the Hill Cemetery. Graveside Prayer was by Clarence Allred.

The late Mr. and Mrs. Will Meeks were married in the Mantle Temple in 1897, moving from Thurber, Utah in 1903 to Raymond where he engaged in ranching and farming. Their only child Elwood, died when he was 12 years old, and in 1936 her husband passed away. However, her arms were not left empty as she was raising the children of her husband's sister, John and Bill Harker, now of Shelly, Idaho another sister-in-law's children, LaRue Palmer of Taber, Rex, Ted, Glen, Bill Meeks and Lavon Dewey; and a sister's children, Bryan and Roscoe Baker and Lapriel McNeely, Lapriel being legally adopted by Mrs. Meeks.

During this time she also worked in the Relief Society and Primary organizations.

Among the relatives from out of town for the funeral were Mrs. Sade Harker of Shelly, Idaho, Mrs. Mame Worthland of Salt Lake, and Mr. and Mrs. Rube Meeks of Bicknell, Utah. She is also survived by two sisters, Mrs. Myrtle Williams, and Mrs. Nora Snow of Lethbridge, and a brother George Stringham also of Lethbridge.

Mr. and Mrs. Robert McMullen and daughter Pat of Edmonton spent a week in town visiting his parents Mr. and Mrs. Wes McMullen and other relatives and friends.

While here his sister and husband Mr. and Mrs. Dick O'Brien of Picture Butte and Mr. and Mrs. Fred Turner of Taber joined them for a few days in Waterton.

Mrs. Anne Larsen and children, and Mr. and Mrs. Ace Atwood and Dawn and Mrs. Agnes Atwood were Sunday dinner guests of Mr. and Mrs. Andy Noel at the McIntyre Ranch, Magrath.

MIA To Present Pageant

An M.I.A. pageant will be presented in the Stake House Aug. 30 at 7 o'clock in commemoration of the Golden Anniversary of the M.I.A. 1903-1953.

The First Y.L.M.I.A. Officers in 1903 were: Francis W. Kirkham, Supt. Arthur E. Fawns, First Counselor; Ellis S. Heninger, Second Counselor; and John Powelson, Secretary; and R. J. Gordon, Aid.

The First Y.L.M.I.A. Officers in 1903 were: Jennie Knight, President; Dora H. Jacobs, First Counselor; Elizabeth L. Porter, Second Counselor; Eva Probert (Wood), Secretary; M. E. Pansy Gordon, Aid; Katherine Tanner (Carne), Aid; Janet Faddes, Aid.

Lloyd Dahl and son Gerry left Monday for Windsor where they will get a new car for the return trip.

POLIO BAN

Effective as from 8:00 a.m., Friday the 14th day of August, 1953, and continuing until countermanded by the Provincial Board of Health, your Local Board of Health is required to exclude all children of 16 years and under from theatres, and swimming pools within its jurisdiction.

PRECAUTIONARY MEASURES

1. The tired child is much more liable to actual paralysis. Avoid fatigue.
2. Polio is a communicable disease. Avoid crowds.
3. Swimming should be avoided because of chilling, fatigue and possible contamination of the water.
4. Avoid contamination by careful personal hygiene, including washing of hands before meals and after using the toilet.
5. High standards of dish washing, washing of fruits and vegetables, and protection of food against flies should be maintained.
6. Keep garbage and waste material covered to avoid attracting flies.
7. Control of sewage should be maintained. Flies in outdoor toilets can be controlled by chloride of lime, DDT or ashes, and by proper screening.
8. Where the disease is prevalent locally, operations for the removal of tonsils and adenoids should be avoided. Extraction of teeth should also be postponed if possible.
9. Early care will often prevent or limit crippling.
10. Generally speaking, mild cases are best cared for at home. Movement of patients may do harm.

RAYMOND BOARD OF HEALTH,
and the
PROVINCIAL BOARD OF HEALTH

Good Turnout At Polls Here

Although we haven't heard either the Dominion or Provincial percent of those citizens fulfilling their privilege as well as obligation on Monday, we feel that Raymond will compare very favorably. 78.5% exercised their franchise showing a preference for J. H. Blackmore who polled 540 votes with McFarland taking 421 and Carr 48. There were 14 Rejected Ballots.

The following is a total for each Poll:
Town Hall — Out of 260 possible, Blackmore 82, Carr 11, McFarland 81, Rejected 2, totalling 176.

Second Ward Church — Out of 260 possible, Blackmore 90, Carr 11, McFarland 80, totalling 181.

Opera House — Out of 289 possible, Blackmore 129, Carr 11, McFarland 62, Rejected 1, totalling 197.

Hungarian Hall — Out of 415 possible, Blackmore 213, Carr 16, McFarland 172, Rejected 10, totalling 411.

Romeril Farm — Out of 100 possible, Blackmore 26, Carr 5, McFarland 26, Rejected 1, totalling 58.

Monte Palmer Goes Overseas For Govt.

Dr. and Mrs. Monte Palmer and two daughters recently spent a couple of days with his parents Mr. and Mrs. L. L. Palmer before sailing for England.

Monty, who has been interned at the LDS Hospital in Salt Lake, will be working for the Canadian Government in various parts of Europe giving Medical Examinations to those wishing to immigrate to Canada. They plan to be gone about a year.

Recorder Office To Close For Holidays

Our shop will be closed for the next two weeks for holidays.

School To Start September 1st

If the polio ban is lifted by then school will start in Raymond on Tuesday, September 1st.

In Cardston Temple Bernice Dahl And Donald Baker Wed

A late summer wedding united in marriage Bernice Dahl, daughter of Mr. and Mrs. Rulon Dahl, and Donald son of Mr. and Mrs. Phil Baker, at the Alberta Temple recently. President Smith officiated in the presence of relatives and close friends.

For her wedding the bride chose a lovely gown of white satin and nylon lace which was designed with a long waist and fitted bodice. The stand up collar was edged with lace as was the peplum while the entire chapel length veil was of nylon lace and misted from a coronet trimmed with pearls. She carried a bouquet of red roses and white lilies.

Her attendants, Marie Zemp, Hazel Fairbanks, Norma Turner and Carol Dahl wore floor length gowns of pink blue, green and pink respectively and carried bouquets of multicolored carnations. The best man was George Fairbanks while Wayne and Bill Baker and Larry Dahl were ushers.

Mr. and Mrs. Evan Jensen greeted the guests in the Receiving Line in place of Mr. and Mrs. Baker who were unable to be present due to illness and she chose for the occasion a navy flowered silk frock, while Mrs. Dahl wore a blue nylon print. Their corsages were of pink and white carnations.

The bridal party stood against a white lacy background of streamers which was topped by a pink valance. Baskets of white delphiniums and shasta daisies were situated on either side with a bouquet of red roses adding a touch of color.

The guests were greeted by Mr. and Mrs. Jack Evans while Jolayne Dahl presided at the Guest Book. Carina Paxman, Mildred Mendenhall, Nola Atwood, Vivian Pawns, and Virginia Paxman were in charge of the gifts and Anita Heggie, Donna Rae Garner and June Woodhead attended to the Buffet Table.

(continued on page two)

Mr. and Mrs. Wes McMullen have as their guest, their granddaughter Peggy O'Brien visiting them.

Mr. and Mrs. Ross Mendenhall and family enjoyed a few days vacation in Waterton last week.

We'll Get Our Hardtop Yet!

—By 1955 At The Latest

"The Welling-Cradock road will be maintained this year as a gravel road with tests on the condition of the sub-grade being made periodically throughout the summer and fall, and then, in the spring, more tests will be made. If the roadbed is in suitable condition work will start immediately on the preparation work of hardsurfacing the road this being started next year."

So spoke the Hon. Gordon Taylor, Minister of Highways, at a public Meeting in the Town Hall on Thursday. The meeting was attended by well over 100 people from various districts interested in the road.

A general discussion of the subject was held prior to the arrival of Mr. Taylor and Mr. L. C. Halmrast, who were making a personal tour of the entire road. Mayor Taylor opened the session with a short resume of the work already done in connection with this road saying that the member for this constituency, Mr. Halmrast, has worked continually on this project and had been given to understand that it would be done this year and had so made the announcement last fall. Clarification of the Minister of Highways position was made when it was explained that he had made the commitment on the condition that the roadbed was in the proper condition. An engineer was sent down to examine this road and the report he made was to the effect that there was too much moisture in the roadbed for it to be hardsurfaced, as this moisture would only come up later and cause the road to deteriorate. The engineer said this moisture should be allowed to evaporate before even the base coat could be laid.

At this point Ted Hinman, M.L.A. for the Cardston constituency, and J. H. Blackmore, M.P. arrived and Mr. Hinman was asked to speak. He told of the road being on the agenda for at least two years but that one of the engineers who built the present road had made a error thus holding up the works at the present time. He gave assurance that every effort was being made to have the road completed.

Mayor Taylor then read from the engineers report and a general discussion followed. One of the points being, the engineers should make more allowance for the proper run-off of water. Mr. Blackmore was asked to express an opinion on the situation and said that we really want a first-class highway so we should make haste slowly and be sure of the right thing and eventually be completely satisfied.

The Honorable gentlemen arrived and Arlidge Hill, Pres. of the Raymond and district Chamber of Commerce who sponsored the meeting, introduced them and called on Mr. Halmrast to speak. According to him Mr. Taylor is an expert with a shovel and that if anyone hit a large cavity out on the highway it may be where the Minister of Highways had been exploring. He then outlined his connection and work with the road saying that he had been pressing for it with three different Ministers of Highways and now he thought that success was in sight.

Mr. Taylor said that Alberta had 150,000 miles of right-of-way, which is about six times the circumference of the world, and about 75,000 miles of roads with the most important road being the local one (depending on where you are). He stated that the Department of Highways had no monopoly on wisdom and that even the engineers, who are of the highest caliber, got and used suggestions from residents of different localities. The definite responsibility of the government, he said is to reflect the wishes of the people and to see that the taxpayer received full value for every tax dollar spent.

Mr. and Mrs. Eddy Price spent a couple of days with Mr. and Mrs. Arledge Hill early in the week.

Mr. and Mrs. Jim Bridge and family are spending a couple of days in Calgary this week.

Using books to represent the different sections of a road Mr. Taylor gave a very graphic and detailed commentary on the construction of a road. In the past inferior roads were built the result being that they did not stand up. According to statisticians the number of cars expected in 1970 was reached in 1950 thus increasing the load on the roadbed many times what some of them had been constructed to withstand. According to Mr. Taylor more research is needed continually to keep the roadbeds at an increasingly high standard.

As outlined by Mr. Taylor here is a brief explanation of road construction: First a sub-grade is constructed by compacting clay soils with a certain moisture content to a definite degree of compaction. This seals the clay so that it is almost impossible for all the moisture to escape and equally impossible for any more to enter. If too much moisture is imprisoned in the sub-grade, as is the case at hand, hardsurfacing can't be done until this fault is corrected. The sub-grade on our road cost \$8,000 per mile and the contract was let according to definite specifications but somehow some black soil, which is very bad in a roadbed was used, probably to hurry completion. The road was built during a very wet season and all things combined to reduce the standard of the road.

To get back to the road construction After a suitable sub-grade has been laid a course base is put on. This is the part of the road that engineers try to make take all or most of the pressure of travel. It consists of up to 14 inches of gravel and other suitable filler material. This costs the taxpayer from 40 to 60 thousand dollars a mile. After the base course has had a year to develop any faults and to settle a surface course is put on. This is the beginning of hardsurfacing and consists of a gravel asphalt mix that is nice and smooth and dustfree and only cost 10 to 15 thousand dollars a mile. After another year has passed a seal or wearing coat is applied to finish off the road. This is so smooth that crushed rock is rolled into the top to give traction. The cost is only 2 to 7 thousand dollars a mile. Altogether a hardsurfacing road costs the taxpayer from 75 to 90 thousand dollars per mile so Mr. Taylor's caution can be appreciated.

An interesting sidelight on road construction is that in some parts of the States bumps are engineered into the roads. Mr. Taylor said that his department gets the occasional complaint that some of the roads in this province are too smooth — oh happy day!

After Mr. Taylor's explanation of road building with the whys and wherefores explained those present could see the wisdom of a further period of testing and waiting.

Repetition is emphasis and Mr. Taylor repeated his statement that the road would be graveled this year, tests made next spring and work started either to hardsurface it or prepare it for hard top the next year. So in a nutshell — we will have a hardsurface road from Welling to Cradock possibly next year but at the latest in 1955.

The crowd expressed its thanks to Mr. Taylor with hearty applause and Mr. Hill verbally expressed thanks and opened the question period.

In reply to a question Mr. Taylor stated that there was not provisions for widening the present 30 foot road.

A further discussion of moisture content in the present road was held with the Minister again explaining his departments watch and wait program for this year.

The Chamber of Commerce wish to express gratitude to all those showing interest in the road by their attendance.

Mrs. A. H. Willis of Swift Current who has been visiting her daughter and son-in-law, Dr. and Mrs. Gordon Anderson, returned home this week with her two grandchildren while Mrs. Anderson is in the hospital with their baby daughter who was born Monday.

A number of people from here attended the Alberta-Arizona Reunion held in Waterton. The party of about 150 people were made up of people from Arizona and residents of Alberta who spent time in Arizona. After a pot luck lunch was enjoyed a program was presented by members of the party, followed by a caravan to Red Rock Canyon which was led by members of the RCMP. When they returned to the townsites they attended a show at the Community Centre. The Roy Andersons, Henry Jensens, D. A. Bennetts, L. D. Kings, Ray Depews, Josephine Hawk, and Phoebe Evans, were among those attending from Raymond.

Pat Mitchell, Betsy Shaw and Alan Shaw returned home on Sunday, the girls from Los Angeles and Alan from New Zealand where he has spent the past 31 months on a mission.

Lorraine Shaw came down from Calgary this week end to make the family unit complete for his homecoming.

Tom Witbeck is enjoying a visit from an old school friend, Dr. Gordon Russell of Salt Lake.

Mr. and Mrs. Frank Taylor were pleased with the arrival of their son and daughter-in-law and family, Dr. and Mrs. Willis Taylor of Salt Lake on Sunday, for a visit.

Mr. and Mrs. Ervin Fawns accompanied Mr. and Mrs. Henry Jensen on a trip that took them to Great Falls for the Fair, and then on to Kallispell and home by way of Creston.

While in Kallispell they met Doug Litchfield who is in the mission field there, and enjoyed a short visit with him.

B.F. Goodrich Tubeless Tire

Because **IT HAS NO TUBE**

It may save your life...

The B.F. Goodrich Life-Saver Tubeless Tire gives you maximum protection against the hazard of blowouts and dangerous skids, that frequently result in serious injury, and even death.

It can save you trouble...

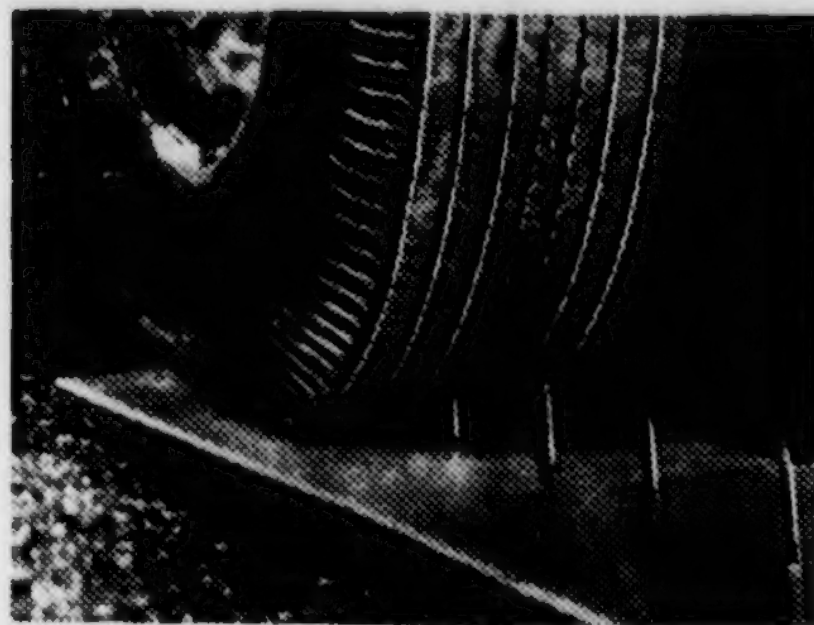

The B.F. Goodrich Life-Saver Tubeless Tire seals punctures on running wheels... protects against the annoying trouble caused by flat tires.

It will save you money...

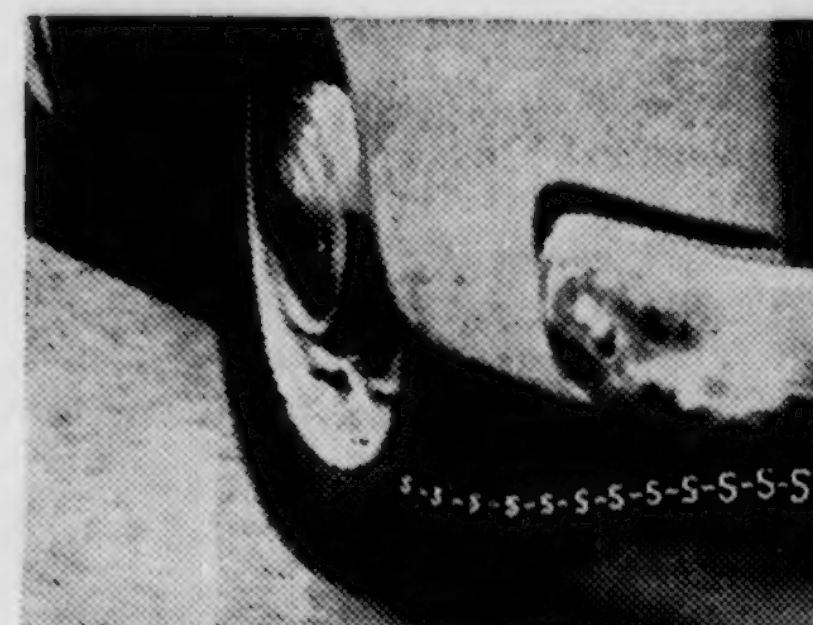

The B.F. Goodrich Life-Saver Tubeless Tire provides greater safety than any tire and tube, yet it costs less than the conventional safety tire-tube combination.

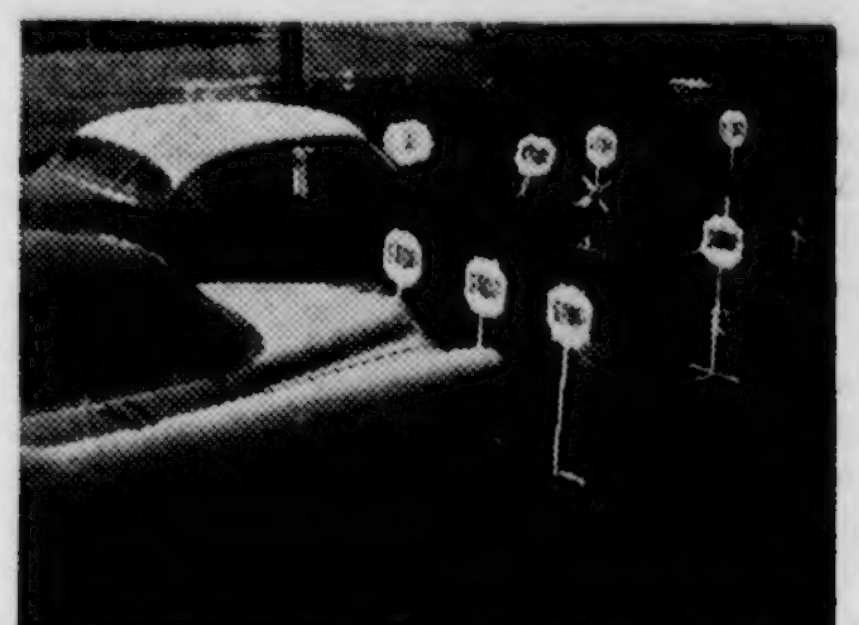

Automobile accidents caused by tire blowouts account for the loss of many lives, and an even greater number of serious injuries. Blowouts are caused when the inner tube explodes through weakened or broken tire cords. Because it has NO inner tube, a B.F. Goodrich Life-Saver Tubeless Tire changes a sudden, dangerous blowout to a safe s-s-slowout—allowing you time to stop your car safely, with perfect control.

PUNCTURE PROTECTION
A gummy rubber compound under the tread immediately seals around puncturing objects, and permanently seals the hole when the object is removed. Inconvenience and delays are eliminated.

BLOWOUT PROTECTION
Instead of a tube, the Life-Saver has a patented inner lining that's part of the tire. In event of damage there's no sudden blowout, only a small break in the liner, a s-s-slowout that lets you stop safely.

SKID PROTECTION
The Life-Saver tread is cross-cut into thousands of tiny grip-blocks. At 30 miles per hour on wet roads, it stops you a car length quicker than regular tires... and gives you longer mileage too.

Your B.F. Goodrich dealer now has the

Tubeless Tire

...it can be your **LIFE-SAVER**

Friends in town are sorry to learn of the accident in which Smellie Redd was involved near Vulcan. Lorne Low of Cardston, Smellie and four other men were driving in a panel truck to High River where they were to join the Remington Construction crew when they hit some bad ruts in the road which threw the car out of control, putting them in the ditch. Smellie suffered a broken vertebrae in his neck although no one else was seriously injured. He is feeling much better now.

Columbus brought the first cows to America on his second voyage in 1495.

Sherwin Nalder of Great Falls spent the week end with his parents the Cliff Nalders recently.

Mrs. Arledge Hill entertained last week in honor of her husband's birthday, at a lawn party at their home. Shirley King and Howard Rasmussen entertained with their sax and piano accordian during the evening and "Jake" told them a story. After the delicious lunch the Doris Stones, Jim Bridges, Barker Selmans, Bill Nalders, Shirley Kings, Howard Rasmussens, Harrison Woods, Melba Mehew, Irene Miller and Vivian Preston played out door games.

Mr. and Mrs. Eldred Hudson and two of their children spent a few days holidaying in Waterton last week.

All the way from the city the bus had been crawling along and the passengers were becoming very ruffled. The conductor, faced by an angry barrage, had been trying to keep the peace and convince the critics that the bus wasn't going too slowly. Suddenly there was a loud report as the engine backfired. "There you are," he said triumphantly, "he's broke through the sound barrier."

The Lyman Jacobs were visitors in Stirling on Sunday at the home of Mr. and Mrs. Clinton Hardy where they met relatives from the States.

Mrs. Dora King was hostess to Milladi's Literary Club Monday evening at which Mrs. Vi Meeks reviewed the book "Karen". This is the story of the effects of cerebral palsy. Mrs. Rosmarie Slover was a special guest. A lunch was served by the hostess.

Luella Larsen attended the Butler-Williams wedding while in Calgary.

Dates are one of the main crops of the pulp and paper industry chief. In addition to being staple food ly uses logs unsuited to, or not large for a large part of the population, enough for the production of good dates are a principal export crop. lumber.

Mr. and Mrs. Deb Oler have received word from Hyrum Fromm in Great Falls that their daughter—Hyla Rae who was accidentally shot in her head several months ago, underwent another operation last week during which the Doctors were able to remove the bullet which has been lodged in her brain since the accident.

QUESTIONS

ANSWERS

Cancer

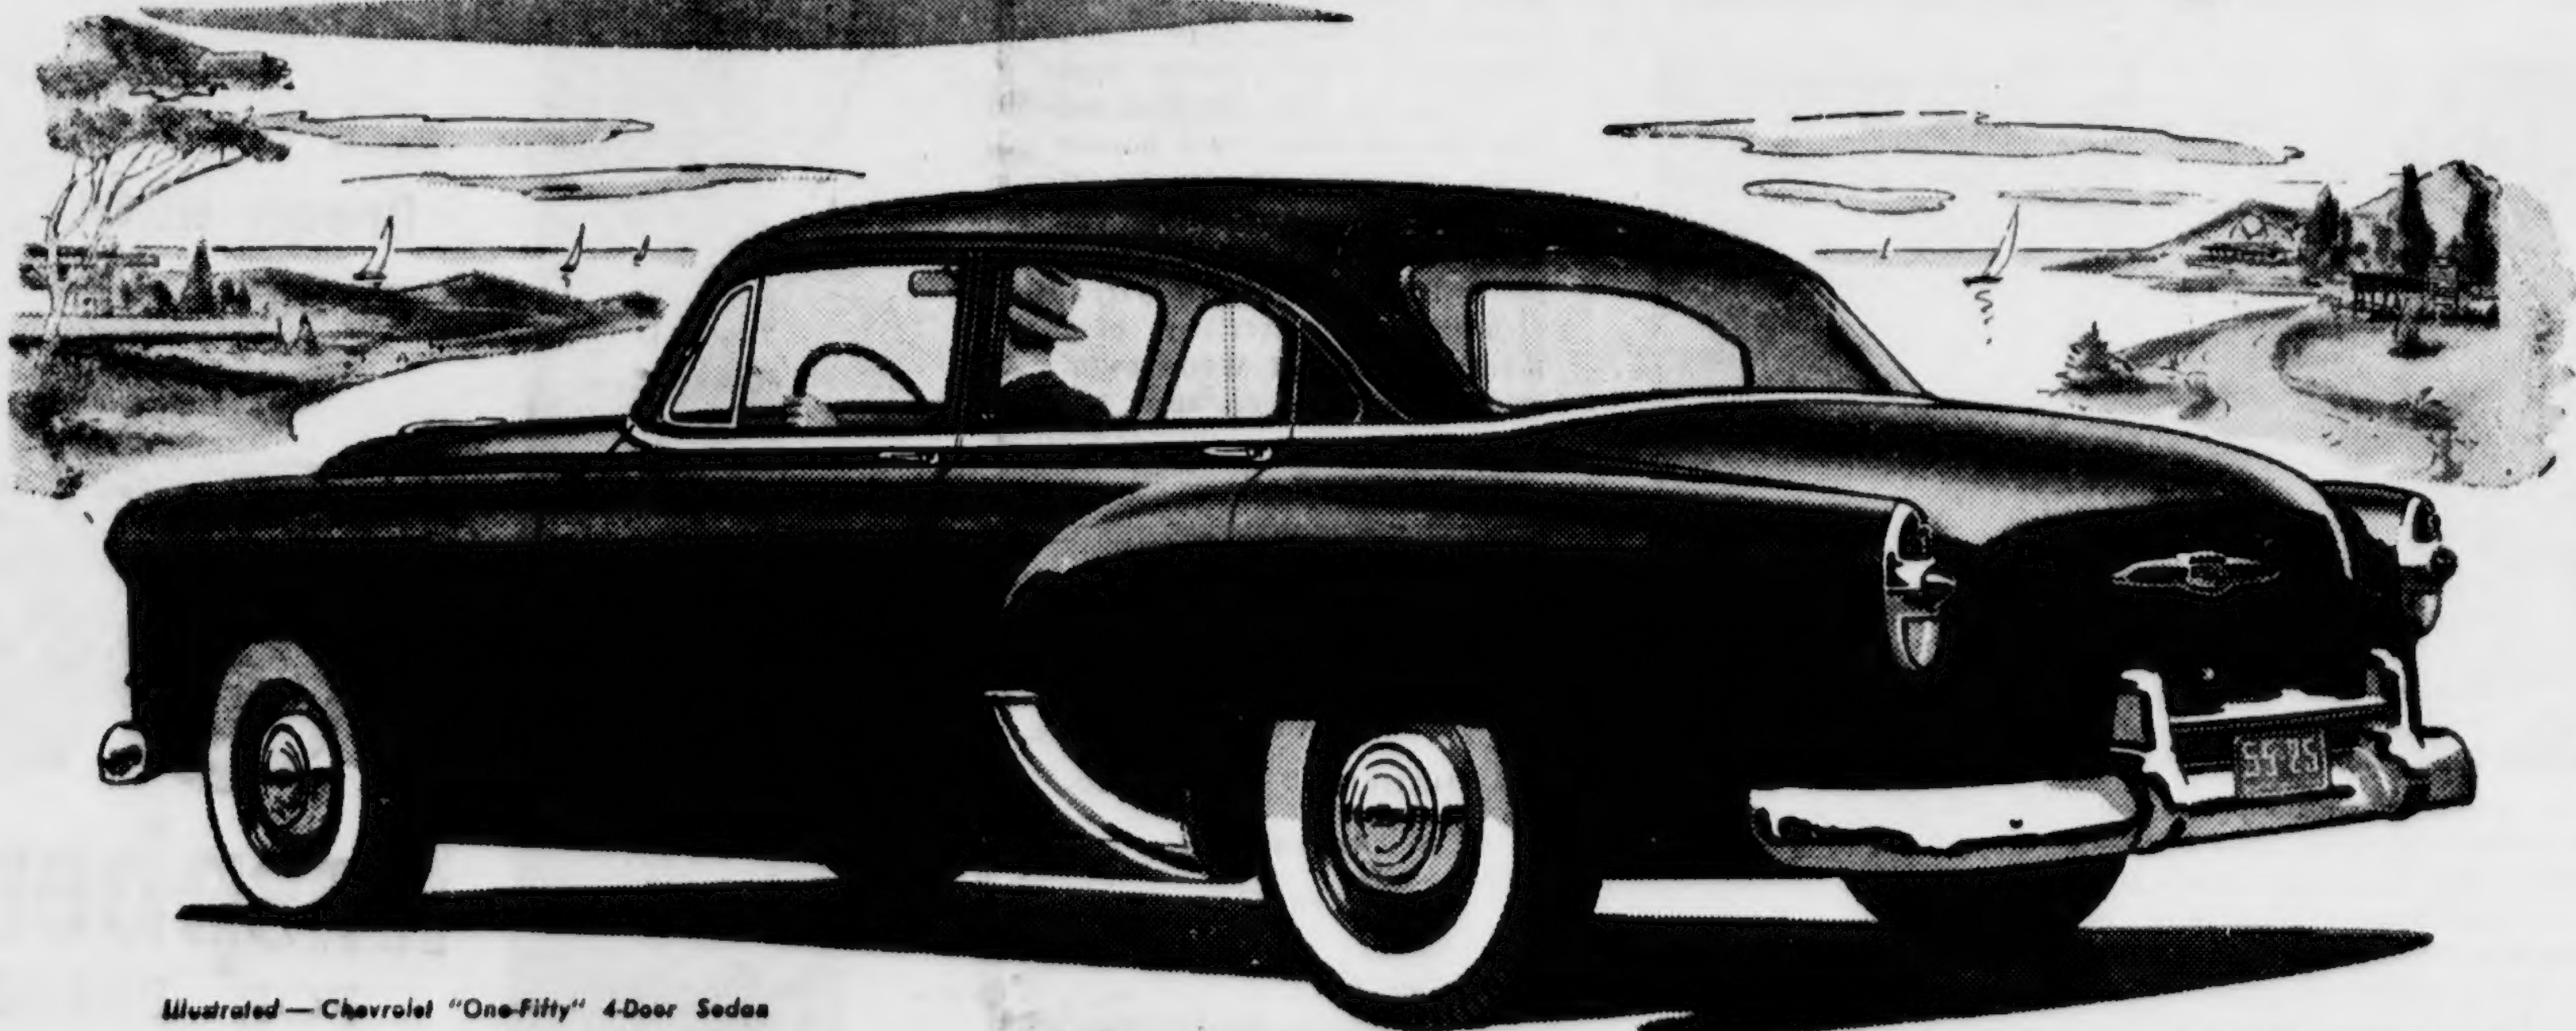

QUESTION: If you have cancer once can you have it again?

ANSWER: Yes. Immunity is not conferred against the disease by having it once as it is against diseases due to bacteria such as smallpox, diphtheria, whooping cough, etc.

Write for free literature
CANADA CANCER SOCIETY
114 McFarlane Bldg.
LETHBRIDGE, ALTA.

Mr. and Mrs. Kay Redd have returned home after his trip to Provo to pick up Velma who has been attending Summer School. They visited relatives in Salt Lake as well as spending a short while in Yellowstone Park. Mrs. Angie Nalder accompanied them.

THERE'S NO VALUE LIKE
CHEVROLET VALUE!**

Illustrated—Chevrolet "One-Fifty" 4-Door Sedan

A GENERAL MOTORS VALUE

1ST IN SALES!
1ST IN VALUE!
1ST IN DEMAND!

POWERGLIDE AND POWER STEERING!
EXCLUSIVE IN THE LOWEST PRICE FIELD!

Chevrolet's new Powerglide, optional at extra cost, on the Bel Air and Two-Ten Series, is the newest, most advanced automatic transmission in its field. A new automatic starting and passing range gives you flashing getaway from a standing start, or for passing in city driving. Power Steering—optional at extra cost with Powerglide—lets you steer and park with finger-tip ease, and drive with greater safety everywhere.

HIGHEST TRADE-IN VALUE OF ALL!

Chevrolet's great popularity and durability mean added value to you all along the line. They mean added value when you buy Chevrolet, they mean added value when you drive Chevrolet — and they mean added value when you trade your Chevrolet in, because Chevrolet superiority is recognized Coast to Coast, so that it consistently leads its entire field in high trade-in allowance.

UNEQUALLED ECONOMY AND VALUE!

This year's Chevrolet brings you the most important gain in economy in Chevrolet's entire 40-year history! You go much farther on every gallon of gas (regular gas, at that). You save on over-all costs of operation and upkeep. You save every mile you drive with this great new '53 Chevrolet. Yet, with all its higher quality and new features, Chevrolet is still Canada's finest low-priced car!

MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR!
